

**SELECTION POLICY**  
**ITU Junior**

**2009 Triathlon World Championships**  
**Gold Coast, AUSTRALIA**

**11-13 September, 2009**

## A INTRODUCTION

1. This Policy details the process and criteria by which Triathlon Australia (TA) determines the members for Team Triathlon Australia – ITU Junior category (the TEAM), for the 2009 ITU Triathlon World Championships (TWC).
2. According to ITU Race Competition Rules, TA may select up to THREE males and THREE females to represent Australia at the 2009 ITU TWC in the ITU Junior category.

Team positions need to be qualified through the ITU Junior Oceania Championships. The 2009 ITU Junior Oceania Championships will be conducted at Gold Coast, QLD on 1 March 2009. ITU Race Competition Rules change from time to time.

3. To be considered for selection in the TEAM for the 2009 TWC, athletes must be 16-19 years of age with age determined on 31 December 2009. (ie, at least 15 years of age turning 16 years of age in 2009 and no older than 18 years of age, turning 19 years of age in 2009). Athletes must be endorsed as ITU Juniors by their respective state association and TA.
4. Once selected in the TEAM according to the process set out in this Policy if a selected TEAM member is determined to be injured, ill or unfit subsequent to selection, their continued status as a TEAM member will be re-assessed by the TA Elite Selection Committee (TAESC) in consultation with the National Performance Director (NPD), National Development Coach (NDC), the relevant Team Manager and the TA Medical Director or nominated representative as set out in clause G of this Policy. A final decision on TEAM members will be made two weeks (14 days) before 2009 TWC.

For purposes of this Policy, NPD means the National Performance Director and/or his nominee.

5. If a selected TEAM member should withdraw, is withdrawn or is declared unfit to continue as a TEAM member the TAESC **may** replace that TEAM member with a further selection made pursuant to E1-4 below. This discretion is absolute and need not be exercised.
6. This policy can be amended at any time by TA if TA is of the opinion that such an amendment is necessary as a result of any change in ITU guidelines, to give effect to the Policy following discovery of a drafting error or oversight, or for any other reason

determined to be in the best interests of TA by TA. TA shall not be responsible or liable in any way to any one as a result of any such amendment.

7. TA will circulate this Selection Policy – ITU Junior, to its State & Territory Triathlon Association (STTA) members and will list the Policy on the TAHP website. Athletes will be responsible for ensuring they are fully aware of and understand the Policy and its contents and any such changes to the Policy should they occur.
8. This Policy is contingent on the International Triathlon Union (ITU) making no change to the current Race Competition Rules on Junior team size or other eligibility specifications for nations competing at the 2009 TWC.

## **B. ELIGIBILITY**

1. There are specific rules laid down by the ITU regarding eligibility when competing for a National Federation. Rules regarding nationality and citizenship are based on the conditions laid down in the charter of the International Olympic Committee.

The ITU requirements for TEAM membership can be summarised as follows:

- (a) Athletes must be a Citizen or national of Australia; and
- (b) Athletes must maintain a current Licence and be in good standing with TA/STTAs; and
- (c) Must not have represented another country in the last three years.

Other rules apply to naturalised persons and those with dual citizenship. If there is any doubt regarding eligibility to compete for Australia, athletes must contact the Chief Executive Officer (CEO) of TA for clarification.

2. TA's additional eligibility requirements for TEAM membership are:
  - (a) Athletes must meet the age eligibility criteria set out at the introduction to this policy at A3.
  - (b) All athletes who wish to be considered for the TEAM must complete and sign the application form set out at Annexure 1 of this Policy document and return it to TA, no later than

**16 January 2009**. The CEO may accept a completed form after this time in his absolute discretion.

- (c) All athletes who wish to be considered for the TEAM must submit a 1km Swim (50 metre pool) and 5km Track Run time trial result to the NDC, performed between **1 December 2008 and 8 February 2009**. These time trials need not be performed on the same day. Results must be submitted by **11 February 2008** to the National Development Coach. This includes athletes already automatically selected as set out in clause D.

Results achieved in the time trials performed in accordance with this subsection **must** (subject to 2(f) below) achieve the minimum time standards set out in 2(e) below.

- (d) In order to be eligible for consideration for the TEAM, each of the time trial results set out in 2(c) above must be endorsed by the appropriate SIS/SAS Head Coach or other designated person as truly reflective of the Athlete's capacity at the time of each time trial.
- (e) The minimum results to be achieved in the time trials set out in 2(c) above are as follows:

	<b>Male</b>	<b>Female</b>
1km Swim (50m Pool)	13 mins 15 secs	14 mins 15 secs
5km Track Run	16 mins 30 secs	18 mins 50 secs

**For the avoidance of doubt, failure to meet the minimum time trial standards set out above will, subject to clause 2(f) below, result in the Athlete being ineligible for selection in the TEAM.**

- (f) If any Athlete is, by reason of illness or injury, unable to perform any of the trials set out in 2(c) above in the timeframe required, it is the Athlete's obligation to notify the appropriate SIS/SAS Head Coach at the earliest possible date.

The Athlete must provide the Head Coach with a written report on injury/illness status from a relevant medical practitioner or give permission for the SIS/SAS Head Coach to discuss injury/illness status with the relevant medical practitioner. The NDC, in consultation with the SIS/SAS Head Coach, at his discretion may set an alternative date for the trial or trials or make such other recommendations to the TAESC as deemed appropriate by the SIS/SAS Head Coach and/or NDC.

The TAESC, in its absolute discretion, will determine if any Athlete who is unable to comply with any of the conditions in this Section B remains eligible for selection in the TEAM.

**C. TEAM SELECTION CRITERIA**

1. Athletes can qualify for the TEAM by right of performance in either of three TEAM **Selection Races** as set out in clauses D1, D2 and D3 below.

They are merely matters that the TAESC may consider in any combination, and in combination with any other factors or matters not listed, that in the opinion of the TAESC are relevant to the selection of the TEAM.
5. The TAESC may make the discretionary selection in the TEAM of any particular athlete pursuant to this Section E subject to the

athlete meeting further conditions. Those further conditions may include achieving a particular result in a future race, completing a fitness trial to the satisfaction of the National Performance Director, National Development Coach and/or the Team Manager or any other condition that, in the opinion of the TAESC is reasonable in the circumstances of the particular athlete in question.

6. If a particular athlete's discretionary selection is made subject to the athlete meeting further conditions as set out in Section E5 above, those conditions will be communicated to the athlete in question prior to the TEAM being announced. The fact that the athlete's selection is conditional will be mentioned at the TEAM announcement and if considered appropriate by the TAESC, the additional conditions may also be announced.

3. In exercising its discretion to name a TEAM reserve/reserves in either category, the TAESC may consider any factor or combination of factors that is, in the opinion of the TAESC, relevant for consideration when selecting a reserve for the TEAM. Without in anyway limiting this discretion, the TAESC may consider all of the matters set out in clause E (3).
4. Any Athlete selected as a reserve must comply with the conditions of clause J if requested by the NPD or the NDC.
5. Athletes selected as reserves according to the terms of this Policy will not be members of the TEAM unless they replace a TEAM member by operation of clause G and J.

    - i. The Athlete's omission from the TEAM or the TEAM was as result of a failure by TAESC to properly apply the Selection Criteria set out in this Policy;
    - or
    - ii. There was no basis on which the selection decision could reasonably have been made.

For the avoidance of any doubt, an Athlete's right of appeal is limited to procedural grounds and does not extend to an investigation of the merits of a particular selection decision.

- (c) Any appeal under this clause will proceed in accordance with the procedure set out below.

#### 5. Hearing of the Appeal

(a) The TASAT shall, as soon as practical after receiving the appeal documents, investigate and consider the matter and determine whether:

(i) the matter should be dismissed because, in the opinion of the TASAT, there is no credible evidence, submission or argument upon which the TASAT could be satisfied that a ground of the appeal can be made out; **or**

(ii) the appeal should be the subject of a hearing as set below.

(b) If the TASAT determines the matter should be dismissed under clause L5(a)(i) above that decision is final and the appeal has failed.

If the TASAT determines that the appeal should be dismissed without a hearing, the appellant's appeal fee of \$500 is forfeited to TA as the costs of the appeal.

If the TASAT determines the matter warrants a hearing, the TASAT will advise the appellant and set the date for such a hearing as soon as practicable and necessary having regard to the timing of selection and the proximity of relevant events.

(c) The TASAT must conduct any appeal hearing in accordance with clause L5(b) as follows:

(i) it must observe the principles of natural justice;

(ii) it is not bound by the rules of evidence and may inform itself as to any matter in such manner as it thinks fit;

- (iii) it will conduct its hearings with as little formality and technicality and with as much expedition as the proper consideration of the matter permits;
  - (iv) hearings may occur in such manner as the Chairman decides, including telephone or video conferencing;
  - (v) the appellant must establish one or more grounds of appeal to the reasonable satisfaction of the TASAT with full regard to the importance and gravity of the issue;
  - (vi) the parties to an appeal may be represented at a hearing but not by a barrister, solicitor or a legally trained person;
- (d) following consideration of all information that the TASAT considers relevant the TASAT shall arrive at a finding. A decision of the TASAT may be by a majority decision;
- (i) the TASAT shall notify the CEO of its finding as soon as practicable;
  - (ii) if the TASAT considers the ground(s) alleged by the appellant to be made out, it shall recommend that TAESC reconsider the selection of the relevant TEAM position;
  - (iii) where the TASAT considers that a ground of appeal has been made out, it may stipulate that all or part of the appeal fee be refunded to the appellant;
  - (iv) TAESC shall comply with any direction of the TASAT to reconsider the selection of the relevant TEAM position.
  - (v) any further selection decision of TAESC under the direction of the TASAT shall be final and binding, and no other further appeal shall be available to the appellant in respect of that selection.
